

## Guidance for staff when a pregnant or recently pregnant\* person presents to a non-Maternity setting in Chelsea and Westminster Hospital

Pregnant or recently pregnant\* person:

- Presenting with acute medical or surgical problem
- In a non-maternity setting
- May or may not have their pregnancy booked in the local maternity unit

Any gestational age

After doctor assessment,  
contact:  
O&G reg bleep 7842  
Labour ward co-ordinator  
bleep 7808

### If admitted, all patients require:

- Location of care discussion with senior clinicians as MDT
- Appropriate maternity VTE risk assessment
- Review of any safeguarding concerns

The Obstetric Medicine team can be contacted via switchboard if required.

Consider discussion with NW London Maternal Medicine Network team on [imperial.mmc@nhs.net](mailto:imperial.mmc@nhs.net).

\* Up to 6 weeks after the end of pregnancy (including miscarriage, termination or other loss)
